## Every Storm Runs Out of Rain

A collection of thoughts from  
the lockdown in Hertford 2020

Published by members of the church community  
of Hertford St Andrew and Hertingfordbury St Mary

As the UK went into lockdown in March 2020, two churches in Hertford combined forces to publish a daily message of encouragement for the local community.

Reflecting the views of local people from Hertford, Every Storm Runs Out of Rain takes you on a journey through the first six months of the Covid-19 pandemic. Over 100 short articles signal the uncertainty and fear of the time; but also serve as a reminder of the courage and strength that communities can demonstrate when facing a crisis.

This is an uplifting book that will inspire the reader never to give up hope.
